PROFESSIONAL SUMMARY

Senior Data Analyst with 10+ years of experience supporting large-scale, data-intensive organizations across public and private sectors. Advanced in Tableau, Power BI, and SQL, with a track record of transforming complex datasets into executive dashboards, KPI reporting, and analytical products that improve operational visibility and guide leadership decisions.

CORE CAPABILITIES

VISUALIZATION & BI	Tableau, Power BI, dashboard development, data storytelling, executive reporting
ANALYTICS & METHODS	Trend analysis, KPI development, advanced SQL, data validation, quality assurance
TOOLS & PLATFORMS	PostgreSQL, Excel, VBA, Microsoft 365, SharePoint, ArcGIS, Python

PROFESSIONAL EXPERIENCE

Data Analytics Consultant | April 2025 - Present

Confia Solutions, LLC | Remote

- Deliver bi-weekly recruiting and operational analysis across headcount, pipeline stages, time-to-fill, and conversion rates, improving leadership visibility into hiring performance.
- Build Excel and Power BI dashboards tracking applicant volume, placement rates, and revenue pipeline metrics.
- Consolidate and validate multiple source files to improve accuracy and consistency across internal reporting processes.

Data Analyst | October 2024 - April 2025

ALKU | McLean, VA

- Analyzed operational and performance data using SQL, PostgreSQL, and Tableau to inform enterprise priorities.
- Designed interactive Tableau dashboards for leadership and agency-wide teams, managing recurring and ad hoc requests from intake through delivery.
- Produced bi-weekly analytics with advanced SQL, including CTEs, to track performance and regional activity.

Sr. Metrics and Data Analyst | October 2023 - October 2024

SAIC | Fort Belvoir, VA

- Served as sole data analyst on a 12-person team, creating 50+ visualization products across 20+ defense projects.
- Defined reporting requirements, developed dashboards, and created process maps that improved data collection and reporting consistency.
- Translated weekly open-source research into executive-level briefings supporting strategic planning and funding decisions.

PROFESSIONAL EXPERIENCE - CONTINUED

Data Analyst | March 2022 - September 2023

Smartronix (SMX) | Quantico, VA

- Extracted, cleaned, and validated 5,000+ personnel and security incident records for Power BI, SharePoint, and executive reporting.
- Prepared 50+ recurring and ad hoc reports analyzing security vulnerability data and risk trends.
- Developed a SharePoint reporting platform that replaced unmanaged email and spreadsheet workflows.

Identity Intelligence Analyst | August 2021 - March 2022

Jacobs | Quantico, VA

- Reviewed and cross-referenced 1,000+ records across secure systems to support access decisions and threat identification.
- Analyzed and validated 100+ recurring intelligence reports daily and presented findings to operational clients.

Data Analyst | October 2020 - June 2021

The Buffalo Group | Sumter, SC

- Processed and logged 1,000+ reports daily, extracting key findings for secure systems and operational distribution.
- Created WebTAS queries that reduced manual entry and improved access to mission-critical information.

All-Source Intelligence Analyst | January 2015 - January 2021

U.S. Army, South Carolina Army National Guard | South Carolina

- Prepared weekly intelligence reports, assessments, and briefings by analyzing data from multiple sources.
- Developed ArcGIS maps, charts, reporting procedures, and visualizations to support operational planning.
- Created standard operating procedures and reporting frameworks that improved consistency and team readiness.

EDUCATION

Bachelor of Science in Analytics | Purdue Global University, April 2024

Associate of Science in Computer Technology | Midlands Technical College, May 2019
